Dear Prospective Steadicam student,

STEADICAM® GOLD WORKSHOP 5th to 11th May 2013

The Tiffen International Steadicam GOLD workshop is a great opportunity to learn the art of Steadicam and have instruction from some of the worlds finest Steadicam operators and instructors, including Steadicam inventors **Garrett Brown**.

The workshop will run from the afternoon of **5th May to the evening of the 10th May 2013 (party night!). Check-in day will be Sunday 5th May in time to start work that afternoon/evening, check-out will be morning of Saturday the 11th**. The location will be the stunning Village Park resort near Istanbul in Turkey <http://www.villagepark.com.tr/eng.html> which should mean a great opportunity for shooting locations around the park, good weather, good food, a little (not too much!) opportunity for relaxation - and of course great gear and instructors.

The price of the workshop includes the workshop itself with all the instruction, use of equipment, full board accommodation (including all main meals) and access to the resort facilities. Please note that the workshop fee does not include any hotel extras that you may incur.

The requirement for students is simply that they have camera experience and they are reasonably healthy (please feel free to discuss this if you have any doubt). Students should also be aware that Steadicam operation is a physical activity and you will probably get hot so dress for comfort (spare T-shirts are definitely recommended) and ankle-supporting trainers or cross trainers are considered to work well or you may have your own preferences for footwear if you have operated before.

The total price for the workshop including accomodation is £2,300.00. The price if paying in Euros will be €2,700. A deposit of £500 (or €585) is required, along with a COMPLETED application form in order to apply for the course. Your place will be confirmed upon receipt of the deposit by Tiffen International. The balance needs to be paid by 1st April 2013.

If you have any questions, please don't hesitate to contact us using the details above.

Robin Thwaites & Danny Hallett
